Forecast For Grampian
Issued by Met Office Aberdeen
at 0400 on Wednesday 20 Oct 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Mainly dry, bright morning. Rain reaching from northwest during afternoon.

Today:
Most staying dry through the morning with bright and sunny spells more widespread across eastern Aberdeenshire. Cloud thickening from the west from late morning spreading periods of rain to all by mid-afternoon. Maximum temperature 14 deg C (57 deg F).

Tonight:
Rain early evening clearing as winds veering north to northwest by late evening, which brings showers through the night, these more frequent and heavy in north, wintry over the hills. Minimum temperature 2 deg C (36 deg F).

Thursday:
Cold, showery day with strong northerly winds. Showers wintry across hills, frequent and heavy at times in north, more scattered towards Deeside. Maximum temperature 10 deg C (50 deg F).

Outlook for Friday to Sunday:
Friday brings an improvement with showers waning from the south as northwest winds ease. Turning milder Saturday as winds back southwest, pushing rainbands across area. Sunshine and showers for Sunday.
